SET 41 Structured Places

What you value becomes your purpose.

SET 4 - Education Goals

The transmission of wisdom and knowledge brings great benefits. **Educating and guiding** yourself and others through truthful principals is your mission.

SET 8 - Influence Goals

People's visions come to life through one's actions and the actions of others. You **steer yourself and others into desired goals.**

The topics that interest you are the ones that have the power to move you.

SET 14 - Natural Sciences Topics

The world that surrounds you is an unending source of curiosity. You recognize that everything springs from it. You want to **understand, explain** and **interact with the natural world** to benefit people.

SET 16 - Social Science Topics

Understanding the societies we are a part of requires the study of human behavior. You recognize that the first steps in predicting new or better ways lay in the recognition of past results and events. You want to **study** and **develop human behavior and interaction**.

Your preferred types of activities are the ones that suit you best.

SET 24 - Brainstorming Activities

Brainstorming and questioning information are at the core of your skills and talents. **Inventing new theories, transforming old ones, creating original and educational works are the type of activities that you like to perform repeatedly.**

SET 30 - Analyzing Activities

Analyzing, studying and evaluating objects is at the core of your skills and talents. **Understanding physical bodies and systems is the type of activity that you like to perform repeatedly.**

Your environment determines in great measure the activities you perform.

SET 40 - Private Places

A predictable, private and calm environment is the most conducive to the activities that you want to do. A **quiet, secure and stable environment supports your productivity best.**

SET 41 - Structured Places

A private, predictable and structured environment is the most conducive to the activities that you want to do. An **environment where you are recognized and work autonomously supports your productivity best.**
